Lista – the Building Block for Your Monster Garage

Auto enthusiasts who want to realize their dream garage have uncompromising standards and discerning taste. That's why so many home garage owners rev up their organization with feature-packed, highly functional and clean workspace systems from Lista. Regardless of the size of your slice of heaven, Lista workbenches, cabinets, toolboxes, mobile workcenters and other workspace systems set the pace. Built to last, these products are made from heavy-gauge steel and have the look and feel of a high-end automobile. And Lista products' exceptional good looks will make you the envy of everyone you know.

A Custom Garage Begins with Lista

Lista workbenches, cabinets and storage solutions are the ideal workspace solutions for your home-away-from-home, whether it houses a collection of vintage cars or your latest customization project. Lista's overall form, fit and function make the perfect package. Rather than compromise on a one-size-fits-all, supposedly "affordable" solution, experience Lista's quality, value and customizability. With Lista, you can configure your garage to exactly reflect your desires and budget. And with our modular building block approach, it's easy to add on with additional products as your needs expand and/or change.

Free Custom Design from Lista

A home garage should exactly reflect its owner's desires. When it comes to custom garage design, Lista's engineering and design team is ready to provide you with a detailed plan for your individual workspace and storage needs, free of charge. Unlike off-the-shelf solutions, we provide individualized systematic solutions for a whole range of needs, from the storage of small tools, to complete, space-efficient, productive work environments. With Lista you will work better, faster and smarter because you are more organized.
